DCRC Safety Guidelines(Spring 2012)

All registrants and their parents must review the following Safety Policy and sign on the following page before the rower can participate in any 'on water' activity.

- 1) All registrants **must** be able to tread water for a minimum of 10 minutes and by signing this form acknowledge that this is true.
- 2) Training sessions will begin promptly, at the scheduled time. Coaches may decide not to boat rowers who arrive late. Coaches will not be responsible for onshore supervision of late arrivals.
- 3) The boathouse and washroom will be unlocked prior to rowers leaving the shore and will remain unlocked for the duration of the training sessions. A minimum of 4 warming blankets will be available in the boathouse at all times.
- 4) Each coxswain or bow person if there is no coxswain must have a **whistle or other sound signalling device** attached to their person or insure that there is a sound signalling device in the shell prior to leaving the shore.
- 5) During low light/low visibility conditions, each rower must wear an operating **flashing light** on the head or upper body. Rowers are responsible for providing their own lights and should bring them to every training session.
- 6) Rowers must not proceed beyond the end of the Government Wharf in Deep Cove until accompanied by their assigned coach.
- 7) All rowers must be accompanied on the water by a coach, or approved substitute, in a coach boat. Rowers on the water must stay in visual contact with the coach boat at all times. Where the rowers are not within 500 metres of the coach boat, shells must carry a life jacket at each seat and a whistle for each rower.
- 8) Boats should stay in groups of two or more. If a partner's boat capsizes, the 'buddy' boat should ensure the capsized rower/s are safe (back in the boat or on shore) before going for help. The international distress signal is waving both arms over the head. Rowers should also use whistles and their flashing lights to signal that assistance is required.
- 9) In the event that a capsized crew must return to shore, the crew must be accompanied by a coach. All other crews under the supervision of that coach must also return to shore.
- 10) Rowers should familiarize themselves with docks and low bank waterfront landings in the training or racing area. In the event of a storm or other unsafe conditions, rowers should immediately proceed to a safe landing area to get themselves out of the water.
- 11) Each coach must hold valid First Aid Certification—St. John's Ambulance Safety Oriented First Aid or its equivalent, and a Canadian Yachting Association Pleasure Craft Operator Certificate or its equivalent.
- 12) Each coach boat must be equipped with:
 - a) a minimum of 9 lifejackets plus lifejackets for each passenger in the coach boat. If the coach boat is supervising the maximum number of rowers, 14 lifejackets are required The coach must wear a life jacket and a motor "kill switch" must be attached to the jacket and the motor.
 - b) a minimum of 3 warming blankets
 - c) a First Aid Kit
 - d) a buoyant heaving line of not less than 15 metres
 - e) a minimum of 3 emergency flares (Canadian approved of Type A, B or C)
 - f) a sound-signaling device
 - g) a bailer
 - h) one manual propelling device (e.g., paddle)
 - i) navigational lights that meet the applicable standards set out in the Canadian Coast Guard's Collision Regulations
- 13) At least one of the supervising coaches must carry an operable cellular phone while rowers are on the water.
- 14) .Each coach boat will supervise a maximum of 9 junior rowers in a maximum of 3 rowing shells. Each coach will supervise a maximum of 14 experienced adult rowers in a maximum of 4 rowing shells.
- 15) Coaches are responsible for determining whether conditions are too dangerous to row due to darkness, fog, high winds, ice, cold water, storms, or any other conditions which they determine may be of danger to the rowers. No rower shall be forced to row against his/her better judgment should conditions be questionable.
- 16) No morning rowing shall commence before 5:45 a.m. during the period of February 15 to November 20. No morning rowing shall commence before 7:00 a.m. during the period of November 21 to February 14.
